# 

### Retro Look

### O Elegant retro-look design

- Perfectly match the latest trend in industrial architecture
- O Maximal user comfort due to increased thermal properties
- O Impressive water and air tightness
- O Concealed fittings are possible

O Suitable for both double and triple glazing

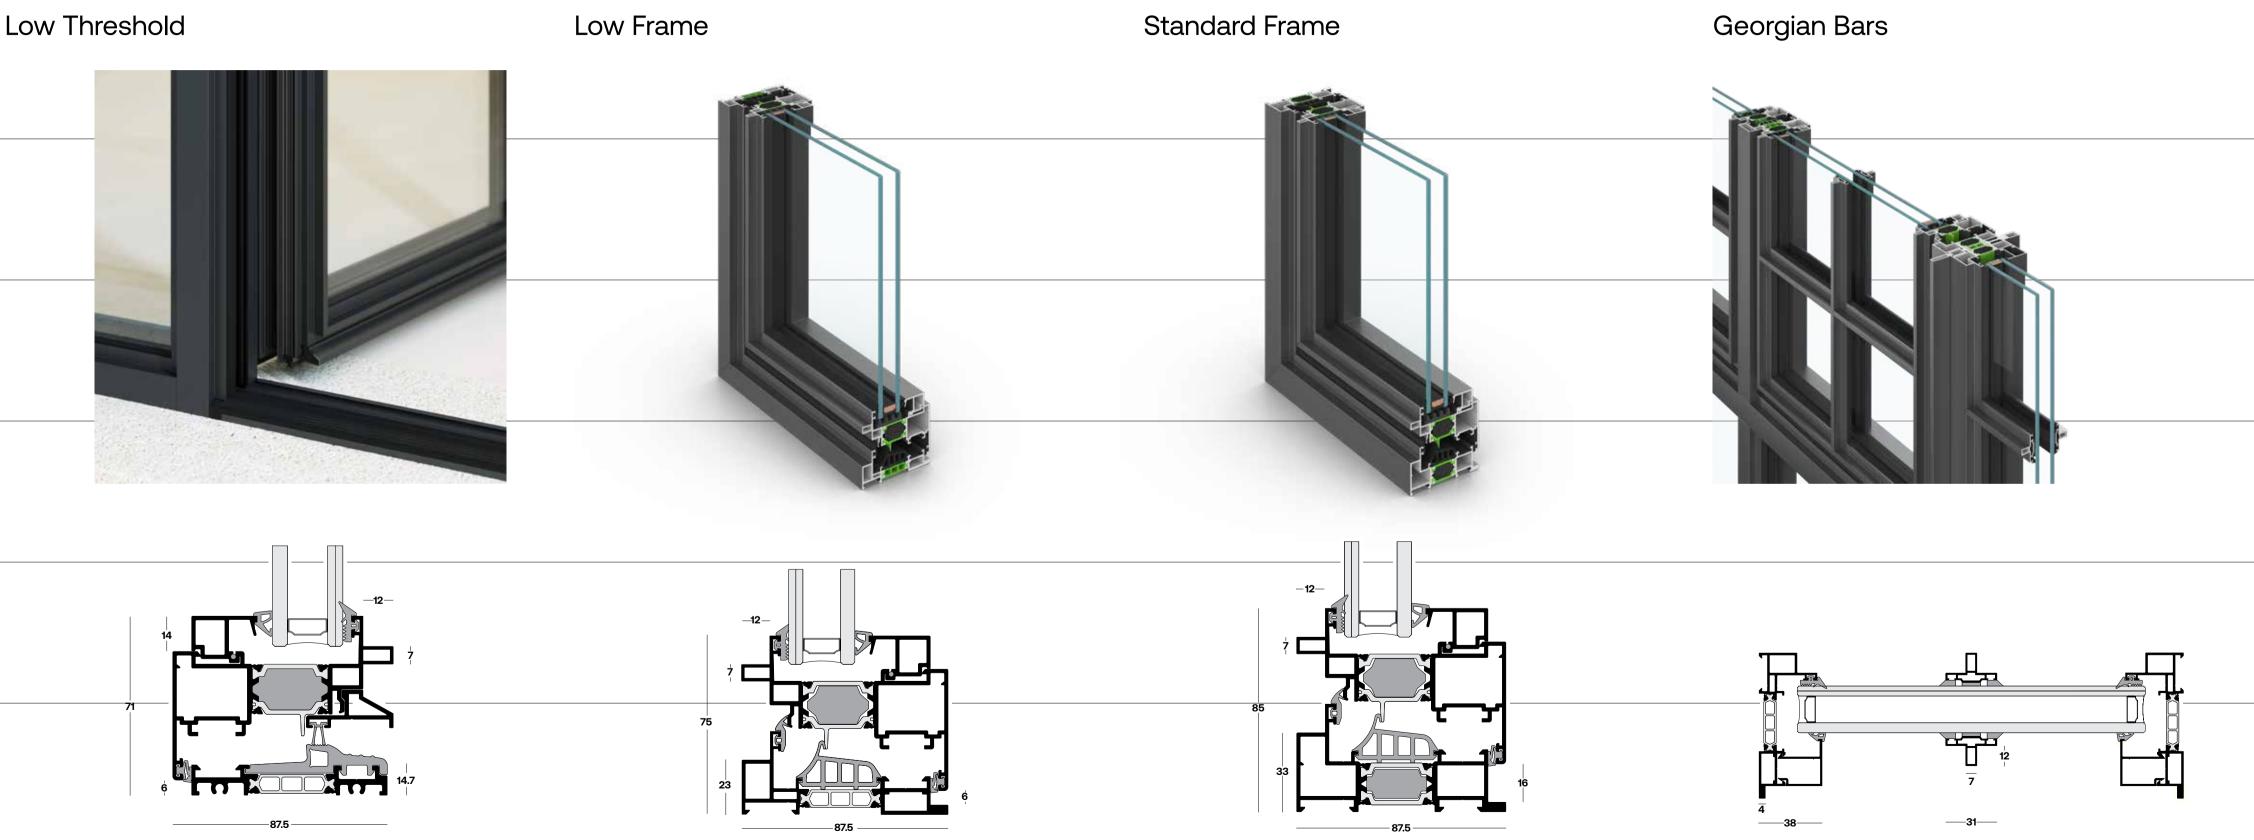

Easy access low threshold meets international requirements

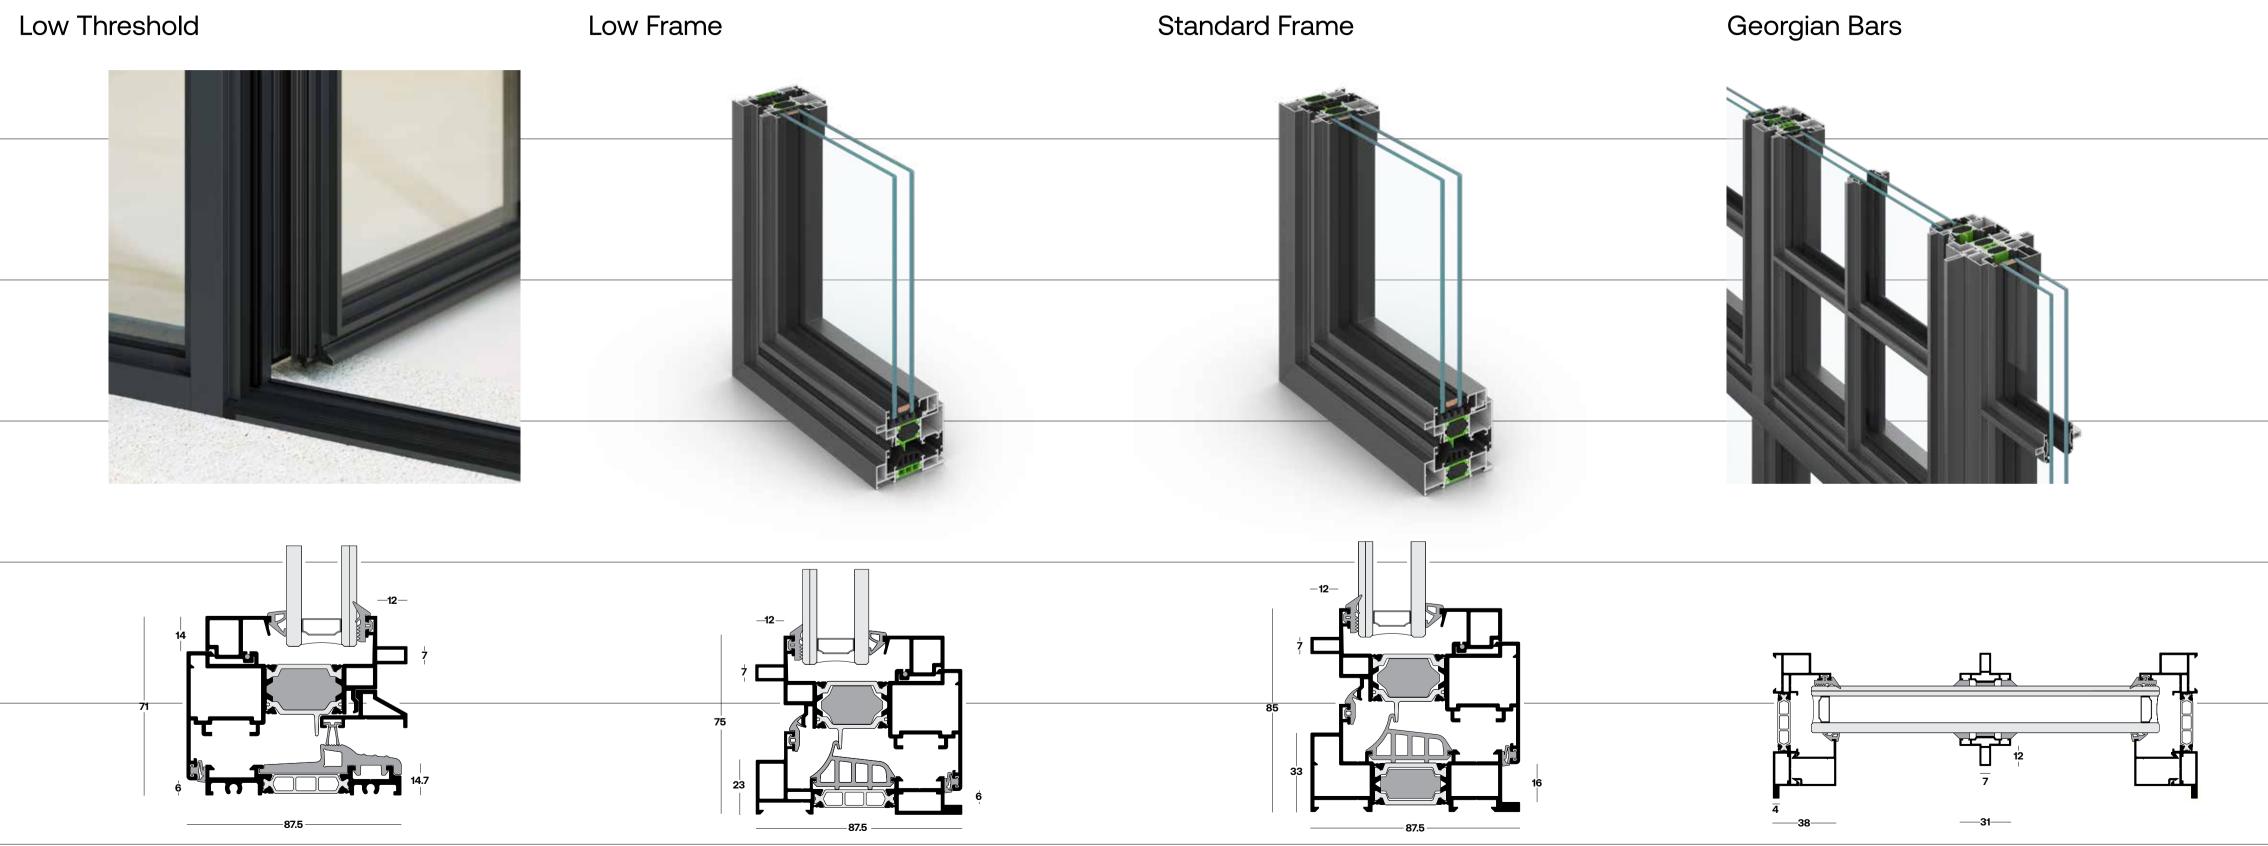

Ideally suited for refurbishing old steel windows

The W85ST is a SKYLINE highly insulated hinged system, which imitates the style of traditional steel windows, adding the value of superior thermal efficiency and turning the window of a house or a terrace (patio) into a New York loft.

The system offers attractive slimline face widths with a high level of functionality, security, comfort, and more retro look.
